I. INTRODUCTION

The United States Submarine Veterans (USSVI) Groton Base Executive Board has established a Scholarship Committee to develop and manage a scholarship program on behalf of the membership. The Scholarship Program shall be based upon the creed of the Organization. The Program shall be designed to provide for the immediate and long term, a program which is fair, equitable and uniform in the distribution of its awards. In addition the policy must be accountable to the members of the Organization, all sponsors of funding, applicants and recipients of the program. The Scholarship Committee will conduct all business within the Policy and Procedures outlined in this document.

II. GENERAL POLICY

1. The Scholarship Committee is a Standing Committee of USSVI Groton Base. This Committee is accountable to all rules and regulations presented in the By-laws of this Organization. The Scholarship Committee shall manage all aspects of the Scholarship Program and report its findings and recommendations directly to the Executive Board. The Executive Board will provide oversight and report its findings and recommendations of the Scholarship Committee to the general membership.
2. The Scholarship Program is designed to provide financial assistance to outstanding eligible recipients seeking **first time** admission to an accredited institute of higher education.
3. Active duty personnel are excluded from this Scholarship Program.
4. The Scholarship funds collected but not awarded in a calendar year shall remain in the USSVI Groton Base Scholarship account. All liabilities of the scholarship awarded must be committed to the recipient in the year of the award and such monies shall be fenced until all liabilities or obligations with the specific scholarship award have been finalized.
5. All funds left by a member's estate to the Organization noted for scholarship, education, or higher learning are to be placed directly into the Scholarship account.
6. In the event the USSVI, Groton Base dissolves, all funds allocated to the Scholarship account will be forwarded to the USSVI National Organization for specific use in support of the national scholarship program.
7. The Scholarship Committee shall not discriminate with regard to race, religion or gender in the management of this program.

8. The Scholarship Awards Committee shall ensure each applicant is eligible prior to being considered for an award. The Chairperson of the Scholarship Committee obtains verification of membership from the latest Membership List. Applicants must be between the ages of 17 through 26 or in their senior year of high school and have not previously received a Scholarship award from USSVI Groton Base.

9. The Scholarship Committee shall judge each applicant on the basis of the application in the following areas: academic achievement, participation and achievement in high school and community activities, leadership potential, career objectives, personality, character and overall impression.

10. Members of the Scholarship Committee, Executive Board and Board of Directors shall not participate directly or indirectly in the screening process and/or approval of an applicant they sponsor for the Scholarship Program.

11. The Scholarship Committee shall determine the number and amount of scholarships it shall support based on the amount of funds available each calendar year. The Scholarship Committee shall recommend the number of scholarships to be awarded to Groton Base and the amount of funds to be donated to the National Scholarship Fund to the Executive Board.

12. The recipient of the Scholarship must attend an accredited institute of higher education.

Certain Bases or groups within the US Submarine Veterans, Inc. express a desire to create and manage their own (local) scholarship awards program. However, contributions to a local program are generally not qualified for income tax deduction.

In order to meet the tax deduction criteria, contributions must be made to an organization that is approved and qualified by the U.S. Internal Revenue Service as a Chapter 501(c)3 organization. The US Submarine Veteran's Charitable Foundation has this special qualification.

Therefore, if a contribution to the submarine veteran's organization, is to be tax deductible, it must be made to the Charitable Foundation. Of course, these contributions must then be managed and disbursed in accordance with the rules and by laws of the Charitable Foundation.

A chartered chapter (individual Base or District) of the U.S. Submarine Veteran's Inc. may utilize the Charitable Foundation to create and manage their own Scholarship program if they meet the following criteria:

1. There is a pool of at least 100 qualified students within the specified area. These students must also meet the criteria for application and consideration specified for applicants to the Charitable Foundation's Scholarship Program.
2. The Base or District, for which the local program is created to serve, has the financial capacity to award at least \$5,000 in scholarships each year.
3. The Base or District has an elected and qualified fiduciary capable of managing an approved and protected financial account to receive tax deductible contributions under the name of U.S. Submarine Veteran's Charitable Foundation – Scholarship Fund.
4. The Base or District has prepared and obtained approval of a written procedure for the conduct of the Scholarship Award Program. The procedure must conform to and emulate the written program followed by the Charitable Foundation's Scholarship Program. Written approval must be obtained from the Charitable Foundation's Board of Directors.
5. The responsibilities of the leading member (chairman, etc.) of the Base/District Scholarship Awards Committee must include a requirement to establish and maintain a reporting relationship with the chairman of the Charitable Foundation's Scholarship Committee to ensure consistency and uniformity with the national program.
6. Any subordinate scholarship program utilizing the I.R.S. qualification of the US Submarine Veterans Charitable Foundation, must submit to a periodic audit of its procedures and account(s) to maintain its acceptability.

Any Base or District wishing to create and manage its own scholarship awards program under the qualification of the US Submarine Veteran's Charitable Foundation, must make a formal written request to the Charitable Foundation's Executive Director. The request must include a complete description of the program and the names/titles of the awards committee as well as the person assuming fiduciary responsibility for the scholarship funds and account(s).

Appendix 5 USSVCF Authorization and Procedures

1. The bank account where tax deductible contributions are received and disbursed from, must be:
 - a. Under normal circumstances, the USSV-CF Scholarship account whereby contributions received will be credited and accounted for as the (Base X Scholarship Fund). When disbursements are required, checks will be written from the USSVI National Treasurer.
 - b. If special circumstances require that an account be established near the Base X, it must be a separate investment account clearly and specifically designated as the USSV-CF Base X Scholarship Fund. Whenever possible, this account must be with Merrill Lynch or Wells Fargo Investments.
 - c. Authorized signatories for a local account, must include – the USSV-CF Treasurer – USSVI National Commander – USSVI National Office Administrator & The Base X Scholarship Chairman, or other designated local fiduciary (one designated person only).
2. Monies deposited into any account designated as a USSV-CF Scholarship Fund cannot be diverted into any other account or used for any other purpose. If a Base X Scholarship Program becomes inactive, (e.g. insufficient contributions, lack of eligible candidates, or other debilitating factors) the monies in the Base X Scholarship account will revert to the USSV-CF Scholarship Fund. These monies may then be used by the USSV-CF Scholarship Chairman, in award of scholarships to eligible candidates.
3. The Base X Scholarship Program must be managed and controlled in a manner consistent and compliant with the USSV-CF National Scholarship Program and the requirements imposed by the various documents guiding that program.
